

Decisioneering One of Two Companies to Win Fast 50 Award for Nine Consecutive Years

Denver, October 20, 2006 -- For the ninth straight year, Decisioneering®, Inc., an innovator of software and services for risk analysis and optimization, has been recognized as a Colorado Technology Fast 50 award winner. The prestigious Colorado Technology Fast 50 Program which awards the 50 fastest growing technology, media, telecommunications and life sciences companies in Colorado, is given by Deloitte & Touche USA LLP, one of the nation's leading professional services organizations.

Decisioneering, celebrating its 20th anniversary this year, is one of only two Colorado companies to have won the Fast 50 Award every year since its inception in 1998. Decisioneering was ranked 24th this year with a five year revenue growth of 96 percent. Rankings for this award are based on percentage revenue growth from 2001–2005.

“The mathematics of this award makes it very difficult for established companies to win,” said Jim Franklin, CEO of Decisioneering, Inc. “The fact that Decisioneering continues to win the Fast 50 Award after 20 years shows how much value the users of Crystal Ball software give to being able to make better business decisions. Every year we increase the value of our offerings by listening to our customers and giving them what they need to be successful.”

“Sustaining high revenue growth over five years is an exceptional accomplishment,” said Kurt J. Randall, Colorado Technology, Media and Telecommunications Leader, Deloitte Tax LLP. “For Decisioneering to have won this award for nine straight years is even more amazing. Decisioneering's success shows its employees' commitment to hard work and excellence, and it is no wonder they are the industry leader in risk analysis software.”

To qualify for the Colorado Technology Fast 50, companies must have had operating revenues of at least \$50,000 in 2001 and \$5,000,000 in 2005, be headquartered in Colorado, and be a company that owns proprietary technology or proprietary intellectual property that contributes to a significant portion of the company's operating revenues; or devotes a significant proportion of revenues to the research and development of technology. Using other companies' technology or intellectual property in a unique way does not qualify.

About Deloitte

Deloitte refers to one or more of Deloitte Touche Tohmatsu, a Swiss Verein, its member firms and their respective subsidiaries and affiliates. As a Swiss Verein (association), neither Deloitte Touche Tohmatsu nor any of its member firms has any liability for each other's acts or omissions. Each of the member firms is a separate and independent legal entity operating under the names “Deloitte”, “Deloitte & Touche”, “Deloitte Touche Tohmatsu” or other related names. Services are provided by the member firms or their subsidiaries or affiliates and not by the Deloitte Touche Tohmatsu Verein.
